Places: Seward

Designed to train students to care for injuries and medical conditions encountered aboard ship. Students successfully completing this class will be able to direct the initial response and provide basic care required for an injured individual. They will be able to assist in the continuing treatment of the patient under the direction of medical advice. This will satisfy the Medical First Aid training requirement of Section A-VI/4 and Table A-VI/4-1 of the STCW Code and 46 CFR 12.13-1.
